

“I Give to God” Instructions

This set of handwork is useful for teaching children Biblical principles of giving. It is a good companion activity when teaching about the widow and her two mites.

Discuss 2 Corinthians 9:7 and try to get the children to repeat the verse.

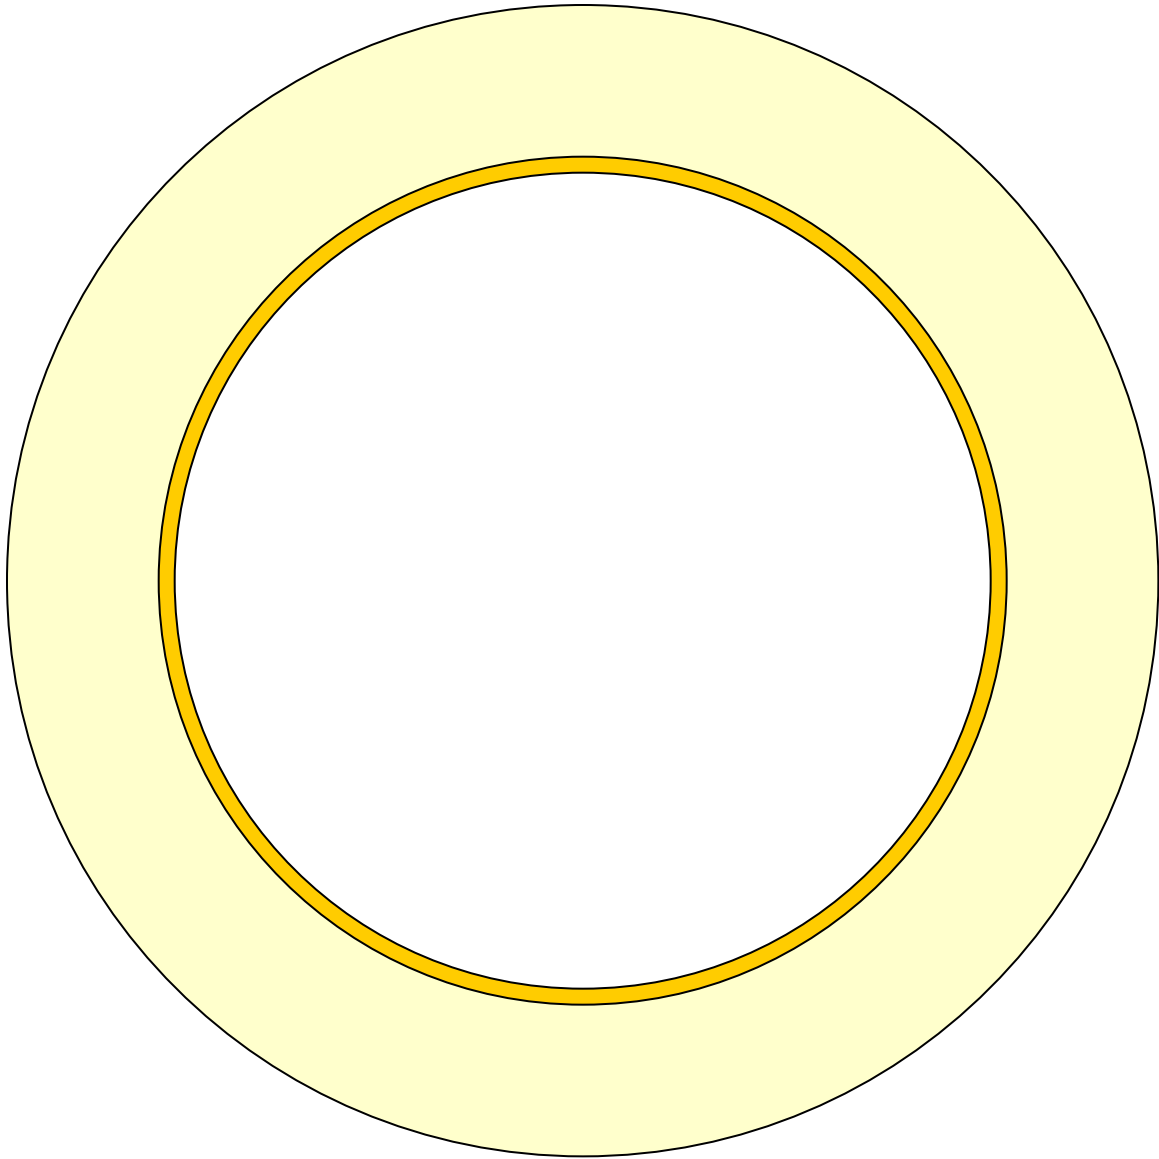

Cut out the pictures of money on page 3. Have each child glue or tape the money pictures onto the “collection plate” on page 2. For non-USA countries, you may wish to search the internet for pictures of money that look like your money.

Alternate: give the children some coins to tape onto the “collection plate”. Pennies or other small coins work fine.
